### **2013 Investigator of the Year Award**

The Board of the New Jersey Licensed Investigators Association is happy and pleased to announce the selection of the 2013 Investigator of the Year. Jennifer Sirois, principal of Your Peace of Mind Investigations, Ocean Grove, NJ is our IOTY for 2013.

Jennifer is a recent member in our association coming from a 28 year career in the US Army. Her Army background included both intelligence and investigations.

In her bio, listed on the NJLPIA website, she refers to Intelligence as a 'combat multiplier' wherein she honed this skill. Jennifer brought these skills to the table with her intense participation with NJLPIA.

As a new member she has become a very active volunteer and is assisting at this Superconference.

Earlier this year she planned, selected the venue and presented one of our most successful and well attended dinner meetings.

Jennifer identified and is actively pursuing the State of New Jersey RFP related to Sandy Integrity monitoring as a jobs initiative open to all our members.

Lastly and most significant of all these points Jennifer showed the Spirit of Humanity and giving by going above and beyond in offering personal assistance to those in dire need after super storm Sandy in her local community.

Please join us in recognizing Jennifer Sirois as our 2013 Investigator of the Year. Congratulations Jennifer!
